Selectmen's Meeting

SUPPORT ASKED PUBLIC SUPPORTED APTS.

June Mendell, Director of the Mattapoissett Housing Authority, asked Selectmen to support in writing efforts of that body to apply for Federal 705 Funds for Scattered Site Family Funds. She said that the Authority would seek to acquire within the town apartment houses in need of repair and set them up for subsidized family housing. The Authority would be looking at dwellings with 3 bedrooms or larger sleeping capacity. According to Mrs. Mendell the Federally Funded Program has a base which allows up to 25% of net income to be collected for rent.

Chairman R. William Blasdale and Selectman William Hubbard both said that they felt that any such proposition should be brought to Town Meeting and receive the support of a vote of the Town before any action is taken. Mrs. Mendell said that if her Authority had to wait for Town Meeting the deadline for application would be missed. She said that funding for these programs come and go which may mean that all the Federal Funds that come through in the interim will have to be passed up. Mr. Blasdale said that if a local need exists the town meet-

ing will respond and has proven it in the past. He said that he would not like to see any such thing rushed into. Mrs. Mendell replied that the deadline is October 17 and asked that the Board agree to further exploratory moves by the Authority. Selectman John DeCosta said that he thought that the Housing Authority should look into the matter and come back to the Board of Selectmen with more details.

The Selectmen tabled the matter for one week to allow a chance for a more complete study of the matter.

PROPOSITION 2 1/2 EXPLAINED

State Representative William Q. MacLean told Selectmen that he expects Proposition 2 1/2 will pass when voters face the question on the ballot in November. He said that there is no question that homeowners are unfairly burdened with an excessive tax burden and he expects that this fact will influence the vote.

He said that, looking at the total picture, Proposition 2 1/2 on the November ballot is not a mandatory thing. If passed, it will allow the legislators to amend. He said that the impact has already been reflected in the attitude of the State Legislature. They

Mr. MacLean said that he thinks, personally, that we must have an increase in the Sales Tax to 6% and turn 50% of this money back to the towns. He said that he is opposed to Proposition 2 1/2 in its present form because he would hate to see the Massachusetts excellent program of education curtailed. He said that the impact on the cities and towns will be drastic and immediate, the greatest loss in revenue being auto excise taxes which will drop from the present \$66 per thousand to \$25 per thousand.

MacLean said that programs such as education, hospitals run by government, schools including state colleges and the new medical school, housing for the elderly now in almost every town require great and increasing tax revenue. He said that these programs have been put through under great pressure by organized groups. When a program is presented to the legislators he said the representatives are under constant verbal and written urging for passage. He said that almost no opposition to any of these pro-

grams is heard from the taxpaying public. The legislators are elected to perform the will of the public and so vote according to the opinion that they hear. Once these programs are voted they must be supported and demand ever increasing funds to do so.

Chairman Blasdale observed that many things that once were done within the family unit have now been placed in government hands. He mentioned care of elderly people, the programs that support their needs, care of mental patients, care of those with drinking problems. Increasingly, the burden has been taken up by government and paid for by the taxpaying homeowner.

The Board of Selectmen voted to oppose Proposition 2 1/2 but urged that other viable measures be studied and implemented to con-

EASEMENT DISCUSSED

Attorney James Huntoon, Town Counsel Donald Fleming and the Board of Selectmen discussed the proposed easement to Goodspeed Island. It was noted that although a 2-week delay had been allowed for the public to come in and study the easement no one had appeared to look it over. The discussion covered several points in the language of the agreement. There were deletions and additions made. A guest house was eliminated, turn around added and area of pumping station and fence excluded. The Board of Selectmen accepted in principle the language of the easement as presented and such language regarding a possible turn around as accepted by Town Counsel.

Anything for Auction?

AUCTION THIS SATURDAY

"Some good stuff has come in for Saturday's auction," said Brad Hathaway, "but a lot more is needed."

Hathaway was talking about the Mattapoisett Congregational Church auction that starts at 9 a.m. Saturday in the parish hall. The parish house is open from 9 a.m. until 9 p.m. today, tomorrow and Friday for folks to drop things off or to call about pick-ups. The auction committee headed by George Sheldon will begin sorting the items Friday night and making sure all small electrical gadgets work. Items still can be donated on consignment.

Some of the articles Hathaway had in mind are some antique scrimshaw and two whale's teeth that have been received. There are several bicycles and some old illustrated magazines of the 1870's and 1880's.

Donations to the white elephant, plant, food, toy and book tables still are welcome.

Sheldon also reminds people that during

On Sunday, October 5, at 4:00 p.m. members of St. Anthony's Parish will come together at the church to form a Living Rosary and to enjoy a potluck supper. The prayers offered at that time will be for the needs of all the parishioners in this time of economic stress, political turmoil and social confusion. Parishioners of all ages are invited to

come together on the fifth to share prayer and friendship. Those planning to attend are asked to bring a main dish, sufficient to feed their families, to the church hall before the Rosary begins. The Women's Guild will provide salad, dessert, bread and beverage.

Rochester Historical Society

The Rochester Historical Society held its September meeting at the home of Mr. and Mrs. James Gurney. The special guest was Henry A. Hartley who is attempting to clean up and restore the old Hartley Mill in Rochester. This business was in his family for almost 100 years, recently went out of business and the buildings collapsed into ruins.

PIES and PUDDINGS and MORE!

The recent re-recognition of water power, and interest in history makes it feasible to restore the business to full operation in any of its former uses, including forge, box board, saw mill or grist mill. The red tape involved in getting federal aid is slowing the process but hopefully, once operating, the mill could support itself. Mr. Hartley also explained to the group the difference between owning a piece of property and owning a mill right, which restricts the uses of the property.

The members are launching a membership drive and would like all residents of Rochester to be aware of the Society and its purposes. Everyone is welcome at all meetings. The Club does not have a museum or even a prospect of one, but meets once every two months at members' homes. Further information may be obtained by calling Lorraine Carr at 763-2150, Diana Marshall at 763-4585, Helena Brown at 763-5619 or Judith Gurney at 763-5531.

D.A.R. Meeting

The October meeting of Fort Phoenix DAR will be held at the Millicent Library, Fairhaven, on October 6 at 1 o'clock. Members make note of the change of the date because of the holiday.

At the September meeting, Mrs. Rita Steele, head librarian, presented a very interesting and colorful film New England Days, showing historic sites in New Hampshire, Vermont, Massachusetts, Rhode Island and Connecticut.

Because the Regent was not able to be present, Mrs. Olive Winslow, Vice Regent, conducted the meeting. It was voted to send the usual Christmas check to Bacone College for Women. It was brought to the attention of the members that the National

The ORR athletic teams have begun their fall campaigns. The varsity teams which will be competing this season are football, soccer, volleyball, field hockey, and cross country.

The varsity football team kicked off their season with a victory against Seekonk 27-8. Paul Tinkham looked very impressive in the backfield as he rushed for 112 yards in 13 carries, scored three times, and had seven tackles.

Also, the sophomore quarterback Chris Riley showed great promise as he threw to John Posiviata for a 92-yard run to the goal line. Overall, Chris was 5 for 7 in the passing category. Showing an outstanding job for the linemen were Steve Boardman and Tim Lanagan with 5 tackles each.

The soccer team has gotten off to a fine start with a 5-0 record. In their first game the Bulldogs took on the Dartmouth Indians.

scary story..." by one reviewer. In 1973 Ira Levin's *Veronica's Room* opened in New York City around Halloween time, and it is a real "...straight-out scary" play!

The Marion Art Center plans to present this modern thriller on October 24, 25, 31 (Halloween!), November 1 and 2.

In the play, a girl (Jane Babbitt) and a young man (Peter Mangan) out on their first date, are lured out to an old mansion in Walpole by an elderly caretaker and his wife (Jim Carr and Faith Thompson). The girl is carefully coaxed into impersonating an invalid named Veronica, circa 1935. What happens must remain a mystery for now. One must see the play to believe the twists and turns in this jigsaw puzzle of a thriller.

Curtain time for performances is 8:30 p.m. with a 4:30 sherry matinee on Sunday, November 2nd. Reservations for tables are now being taken at the Marion Art Center, 748-1266.

Ducks Unlimited

The Sippican Chapter of the Ducks Unlimited has announced that its first annual banquet will be held at the Harbor Beach Club in Mattapoisett on October 3rd at 6:30 p.m. Chapter Chairman, Scott Cowell, P. O. Box 235, Marion, feels the fund-raising function should be marked on the calendar by anyone who is interested in the future of North America's water fowl.

"The Ducks Unlimited success story", said Cowell, "is really starting to spread around. Banquets much like our Chapter event held

throughout the country last year contributed towards Ducks Unlimited's national fund-raising effort which raised \$20 million during 1979 alone. But what's even more important to realize is that this national fund-raising total must increase this year if the North American water fowl habitat race is to be won."

over forty years ago seventy percent of North America's water fowl production occurs in Canada. They figured out back in 1937 what holds true today. Since federal duck stamp dollars cannot be spent beyond U.S. borders, sportsmen funds earmarked for water fowl conservation are not getting to the places where the great percentage of production takes place. But, through Ducks Unlimited's efforts, over \$100 million has been raised in the U.S. since 1938. And 80¢ out of every one of those dollars has been sent to DU (Canada) to preserve some 3 million acres of prime habitat, encompassing over 1,700 wetland projects.

The only problem in all this is that biologists estimate millions of additional acres of habitat must be reserved in order to stabi-

lize North America's water fowl population. When you consider that habitat is diminishing today due to agricultural and developmental pressures, and that DU is the only non-profit conservation organization involved in the Canadian water fowl habitat race, you can begin to see the significance attached to the organization's fund-raising events.

Tickets include a one year DU membership and a subscription to the organization's magazine. Call Scott Cowell at 748-2369 for tickets and further details.

Pianistic honors won by Steven De Groote, a South African by birth, have been many. As a teenage student he graduated from the Royal Conservatory of Music in Brussels summa cum laude in 1971. He was a finalist in the prestigious Leventritt Competition in 1976. In May of 1977, he won the Young Concert Artists' International Auditions in New York City. Also in 1977, he emerged the Grand Prize Winner of the 5th Van Cliburn International Quadrennial Piano Competition.

Mr. De Groote's career since 1977 has brought him international acclaim. Solo recitals have been given throughout the United States, South America, the Far East and Europe (Germany, Spain, the Netherlands, Denmark, Finland, Norway, Switzerland, Belgium and England), invoking, always, high critical praise. As orchestral soloist, De Groote has played with nearly all the great American symphony orchestras: Philadelphia, Boston, Cleveland, Cincin-

Twenty-seven crafts, ranging from stone-ware to pillows, will be displayed in the center's "Cranberry Gallery". They will include works of glass, bamboo, stitchery, ivory, iron, paper, silk, metal wire, wool, ceramic, manganese, and other materials.

Among the most intriguing pieces to be displayed is a decorative wallhanging, called "Feather Fetish #22", made from glazed porcelain, feathers, and mirror. The unusual work was created last year by Ken Shores of Portland, Oregon, one of the nation's leading crafts artists.

A tea cart of walnut, cherry and leather, and a Ruya Long Coat of linen and cotton are two more exhibit works of note. The former was created by John Economaki, a wood-working instructor from Portland; and the latter by Mimi Rondenet, a fiber artist from Eugene, Oregon.

"Contemporary Crafts from Oregon" is part of Cranberry World's 1980 series of art exhibits from cranberry and grapefruit growing states. The admission-free visitors' center is sponsored by the Ocean Spray agricultural
